PROJECTS

STUDENT DATABASE MANAGEMENT (MYSQL, HTML, CSS, PHP):

- Developed a database for universities and colleges for the purpose of records of the students.
- Used **HTML** and **CSS** for creating the user interface.
- For Database management system for storing and retrieving data used **MYSQL**, for Database design, querying, and management used **SQL**
- Used **PHP** for Server-side scripting language for dynamic content and interaction with the database

ONLINE STREAMING SITE(OTT PLATFORM) (React, Redux Toolkit, Firebase, Axios)

- Build an OTT (Over the top) streaming platform that delivers high-quality video content to users over the internet.
- Used **React.js** for creating a dynamic and interactive user interface.
- Used **Firebase** for real-time database, authentication.
- For hosting and accessing a vast collection of movie data including details, posters, trailers use **TMDB API**.
- User Registration and Login: Users can create accounts, login, and manage profiles.

PHASESTORM (WEATHER APP) (React, open weather map API)

- The Real-Time Weather App is a web application that provides users with up-to-date weather information for chosen locations.
- For creating an interactive and dynamic user interface used **React.js**
- The app connects **OpenWeatherMap API** to fetch real-time weather data, including temperature, humidity, wind speed, atmospheric pressure, and weather conditions.

EDUCATION

INDIAN INSTITUTE OF INFORMATION TECHNOLOGY, NAGPUR

B.Tech in Electronics and Communication Engineering (CGPA 7.96)

Expected 2024

SKILLS

Programming Languages:	C, C++,
Front End Web Development:	HTML, CSS, React.js, Redux toolkit, JavaScript, Firebase, Axios
DataBase:	SQL/MYSQL
Other Skill:	Github, Data structure and Algorithms, MATLAB

COURSEWORK

- Data Structures and Algorithms
- Object Oriented Programming
- Database and Management Systems
- Operating system
- Application Programming

ACHIEVEMENTS

- Solved over **600+** questions of DSA over different coding platforms such as **GeeksforGeeks** and **LeetCode**.
- Have a coding score of **1200+** on **GeeksforGeeks** portal (institute rank 10). and **1790** rating on **LeetCode**.
- Played a pivotal role in organizing and executing many sessions on web development and competitive programming for new college students, contributing to the growth and development of **Skills Nights Club IIITN**.
- Led the Management team for **Abhivyakti**, collaborating with 20+ volunteers and coordinating logistics, resulting in seamless execution of events.
